

CaptionMax Font Guidelines

Font Name: "CaptionMax Symbols V1.otf"

AD **Audio Description:** The practice of providing additional narration describing a program's visual elements.

AD^e **Enhanced Audio Description:** Enhancements to standard audio description to enable a richer information experience. Enhancements may include freeze-frame description and auditory cues to interactive links, among other features.

CC **Closed Captioning:** The practice of inserting all dialogue and other sound effects in text form along with additional information such as speaker identification and tone of voice.

CC^e **Enhanced Captioning:** Enhancements to captions or subtitles to provide both a richer viewing experience and greater flexibility for the teacher or user. Enhancements may include choices of different reading speeds and interactive links to glossary terms, among other features.

CAPTIONMAX **CaptionMax Logo:** The CaptionMax logo is a registered trademark of CaptionMax Inc. and may not be used without permission.

  **See and Hear Icons:** The See and Hear icons are copyrighted by CaptionMax Inc.
